Sir:

In response to the Examiner's assertion that the computer-readable form of the sequence listing was not the same as the paper copy, a substitute copy is submitted herewith. The Applicant would like to point out that the "GENERAL INFORMATION" section has been modified to update the Sequence Listing with current information regarding correspondence address and application data. Additionally, information for SEQ ID NO. 7 has been modified to define the term "N" as it appears in the Sequence Listing. Finally, all DNA molecules listed in the Sequence Listing have been designated as cDNAs with respect to molecule type.

The statement as required under 37 CFR §1.821 (f) and (g) accompanies this submission.

Respectfully submitted,

MARSHALL, GERSTEIN & BORUN
